PROFESSIONAL SUMMARY

Computer Science undergraduate with experience in Conversational AI, Java development, and full-stack web development. Completed a 6-month internship as a Conversational AI Engineer at EXL, where I designed, tested, and optimized chatbot solutions using Dialogflow CX and CX Agent Studio. Skilled in Java, Python, MERN Stack, SQL, and problem-solving with a strong foundation in software development and AI-driven customer experiences.

EDUCATION

Bachelor of Engineering (CSE), Chitkara University, Punjab 2022 - 2026
CGPA: 8.2

CBSE Class 12th, Model Senior Secondary High School 2021 - 2022
Percentage: 80%

CBSE Class 10th, Manav Mangal High School 2019 - 2020
Percentage: 91%

EXPERIENCE

Conversational AI Engineer Intern — EXL 2025 - 2026

- Developed, tested, and optimized conversational AI chatbots for customer support and automation use cases.
- Worked extensively with Dialogflow CX and CX Agent Studio for conversation flow design and chatbot development.
- Created and validated intents, entities, routes, pages, and conversation journeys.
- Performed functional, scenario-based, and regression testing to ensure chatbot quality and accuracy.
- Collaborated with cross-functional teams to improve user experience and conversation success rates.
- Utilized Python and SQL for data analysis, testing, and workflow automation tasks.

SKILLS

Programming Languages	Java, C++, Python, JavaScript
Web Technologies	React.js, Node.js, Express.js, HTML, CSS
Conversational AI	Dialogflow CX, CX Agent Studio, Chatbot Testing, Conversation Design
Database Management	SQL, MongoDB
Core Concepts	DSA, OOPs, Machine Learning
Tools	Git, GitHub
Soft Skills	Leadership, Team Collaboration, Problem Solving, Analytical Thinking
Languages	English (Fluent), Hindi (Fluent)

PROJECTS

Horoscope Prediction Website

Developed a full-stack horoscope prediction platform that generates personalized insights based on birth details. Built using React.js, JavaScript, HTML, CSS, and Node.js.

KBC Quiz Game

Developed a Python-based interactive quiz game during a hackathon featuring multiple levels, scoring mechanisms, and user-friendly gameplay.

Travel Itinerary Website

Developed a full-stack travel planning platform allowing users to customize and manage trips. Implemented using React.js, Node.js, and MongoDB.

Amazon Clone - E-commerce Database Project

Designed and implemented a relational database architecture for an Amazon-like e-commerce platform using MySQL. Developed customer, order, payment, and inventory modules while ensuring normalization and data integrity.

CERTIFICATIONS

Good with Words Specialization (*University of Michigan*)

Foundations of Cybersecurity (*Coursera*)

Cloud Data Engineering Specialization (*Duke University - Coursera*)

Strategic Leadership (*Dartmouth College - Coursera*)

EXTRACURRICULAR ACTIVITIES

Appointed as Discipline Head at ISTE Student Chapter, Chitkara University, Punjab.

Participated in a Blood Donation Camp at Chitkara University.

Achieved 3rd Position in Inter-College Badminton Tournament.
